

High thickness polypropylene tool case

Manufactured in anthracite grey high impact polypropylene, using the injection molding technique, it is provided with corner reinforcements. The bottom dividers have been designed to remain steady even in case of accidental overturning of the case. This system gives the flexibility of an adjustable interior as well as the steadiness of fixed compartments.

- two metal locks with key
- central combination lock with 3 digits
- soft rubber grip handle
- hinges with 90° opening block system
- "Click & Go" system to easily fix the tool pallets
- bottom tray with high stability divider modules
- document wallet
- fitted with a third optional pallet

[illegible]
