PRODUCT DATA SHEET

GT Line Professional Trolley New Mega Wheels PEL

EAN 8024482009117

Work organization and safe transportation

The New Mega Wheels professional trolley is the perfect solution for professionals who need safe and organized transport of their tools.

Thanks to its sturdy double-walled construction and advanced technologies, this tool case is designed to withstand extreme conditions and ensure easy and safe access.

Features

1. Increased robustness and stability during transport:
Thanks to roto-molded polyethylene shells with integrated feet, this case offers excellent protection against impacts and abrasions.
2. Security and convenience during airport checks:
TSA-approved locks with key allow for authorized inspections without the risk of damage.
3. Enhanced durability and long-lasting performance:
Metal lid support struts ensure the cover remains safely open during use.
4. Smooth and effortless transport, even over long distances:
The telescopic handle is ergonomically designed for a comfortable grip, while the ball-bearing wheels ensure easy mobility.
5. Customizable internal space for optimal tool organization:
The bottom compartment features adjustable dividers to tailor the space to specific tool needs.
6. Comfortable carrying that reduces fatigue:
The ergonomic rubber-coated handle ensures a secure and comfortable grip for prolonged transport.
7. Maximum resistance and safety:
The robust multi-point riveted steel hinge keeps the case securely closed and protected.
8. Space-saving solution for transport and storage:
The stackable design of the trolley makes space management easier and more efficient.
9. Quick access to important documents:

The integrated document pocket is ideal for keeping tickets, contracts, and paperwork within easy reach.
10. Efficient organization of small tools and accessories:
Two small parts drawers allow for neat and accessible storage of even the smallest items.
11. Tool organization with double and single-sided panels:
Includes one tool panel with elastic bands on both sides and one panel with elastic bands on a single side.
