

## PRODUCT SHEET

### GT Line Tool Case AI1MOD16 PEL

EAN 8024482191478

#### Modularity, Order and Accessibility for the Organized Professional

The **AI1MOD16 PEL tool case** is the perfect solution for those who want to combine the practicality of a *compact professional container* with the efficiency of a *highly organized tool case*. Equipped with **two internal panels with elastic bands**, this *professional case* allows you to neatly arrange and secure hand tools of all kinds, ensuring quick and immediate access. AI1MOD16 PEL is an integral part of the **AI1MOD modular system**, compatible with the famous GT Line ALL IN ONE trolley, but can also be used **independently**. The patented **Lock-Unlock** stacking system allows you to connect and detach the modules in seconds, transforming any configuration into a *personalized and professional tool case*. The case also integrates **INTELLIRESPOND technology**, for digital control of your tools from your smartphone or tablet.

#### Features

- 1. Compact and lightweight structure, designed to last**  
Built in shockproof polypropylene with injection molding technology, it offers solidity and resistance in all working conditions, with a low weight of only 4.11 kg.
- 2. Two tool panels with elastic bands for tidy handling**  
Internal elastic panels allow you to precisely arrange hand tools of various shapes and sizes, ensuring order and immediate accessibility during daily use.
- 3. AI1MOD modular system for maximum versatility**  
Usable in combination with other modules or independently, AI1MOD16 PEL is the ideal choice for composing a professional enclosure customized according to your operational needs.
- 4. Patented Lock-Unlock system for quick stacking and release**  
The convenient push-button mechanism allows you to connect and separate modules with one gesture, simplifying transport and organization.

## PRODUCT SHEET

### 5. Backward compatibility of the ALL IN ONE system

With the new AI1LID lid, AI1MOD16 PEL can also be used with previous generation ALL IN ONE trolleys, maintaining full interoperability.

### 6. Digital content control with INTELLIRESPOND

The free INTELLIRESPOND app allows you to inventory, monitor and manage the tools in the case, directly from your mobile device. About [www.intellirespond.com](http://www.intellirespond.com).

### 7. Optimized dimensions for integration and transport

With external dimensions of 585 x 369 x 198 mm, AI1MOD16 PEL is easily transportable, stackable and stored, without sacrificing the capacity necessary for work equipment.

External measures*		
	Length	585 mm 23.03 inc
	Depth	369 mm 14.52 inc
	Height	198 mm 7.79 inc

\*Dimensional tolerance +/- 1.5%
