### GT Line Tool Case AI1MOD16 PSS

EAN 8024482191492

#### Maximum Flexibility and Organization in a Compact Modular System

The **AI1MOD16 PSS tool case** is the ideal professional storage for those looking for a perfect combination of practicality, order and resistance. Equipped with a **FLEXI POUCHES™ pocket panel** and a **PSS™ system**, it offers versatile and secure tool layout, allowing you to work with everything at hand. An integral part of the **AI1MOD** system, it can be used individually as a *compact professional suitcase* or integrated with the **ALL IN ONE** trolley, thanks to the patented **Lock-Unlock** stacking system. The **shockproof polypropylene** shell, backward compatibility via the **AI1LID** lid and integration with **INTELLIRESPOND** technology make this *tool case* an advanced solution for professionals on the go.

#### Features

- 1. Double organization with FLEXI POUCHES™ and PSS™**  
Panels equipped with two complementary tool holder systems: FLEXI POUCHES™ for visible and flexible arrangement, and PSS™ for orderly and modular management of hand tools.
- 2. Compact but extremely spacious case**  
With external dimensions of 585 x 369 x 198 mm and a weight of only 4.51 kg, it offers optimal capacity in a small space, ideal for frequent transport or confined work environments.
- 3. AI1MOD modular system for customizable configurations**  
Can be used independently or integrated with other modules and trolleys of the ALL IN ONE line, it allows you to build a custom-made, fully expandable professional container.
- 4. Patented Lock-Unlock system for quick stacking**  
The practical button allows you to attach or detach the module in seconds, making management in the field smoother and more efficient.
- 5. Guaranteed compatibility with old generation ALL IN ONE trolleys**  
Thanks to the new AI1LID cover, the module is perfectly usable even with previous versions, ensuring full backward compatibility.

## 6. Robust shockproof polypropylene construction

The rigid and durable body ensures the protection of the contents even in harsh conditions, keeping the case light and easy to handle.

## 7. Digital tool management with INTELLIRESPOND

Free INTELLIRESPOND app allows tools to be recorded and monitored directly from smartphones, improving efficiency and control. Learn more about [www.intellirespond.com](http://www.intellirespond.com).
