PRODUCT DATA SHEET

Work Line by GT Tool Bag BTP 02 R (Discontinued item – Available until stock lasts)

EAN 8024482189741

Complete Organization and Maximum Visibility for the Professional

The BTP 02 R is an extremely durable, versatile, and secure professional tool bag for those working in dynamic environments and needing full control.
Made of tear-resistant 600D nylon with reinforced stitching, galvanized steel base, and reflective inserts, it ensures durability, resistance, and visibility even in low light conditions.
The dual 90° foldable front and rear flaps, FLEXI POUCHES™, and PSS™ system provide top-level internal organization.
This tool bag is perfect as a compact tool case or as an addition to a tool trolley.

Features

1. Ultra-resistant structure for intensive professional use.
Built with 600D nylon, reinforced stitching, and a galvanized steel inner base, the BTP 02 R withstands impacts, abrasions, and daily wear, making it a tool bag designed to last.
2. Enhanced visibility for increased safety.
Reflective inserts improve visibility in low-light environments, enhancing operator safety on construction sites and in nighttime work areas.
3. Full access thanks to dual fold-down front panels.
The front and rear panels with 90° openings allow easy access to the entire tool set.
4. Maximum tool organization.
The internal FLEXI POUCHES™ and modular PSS™ system enable precise, organized, and secure tool storage for optimal operational efficiency.
5. Extra space and smart functionality.
The external side pockets offer additional capacity for accessories and small parts, while the external elastic straps allow the safe transport of long tools.
6. Total comfort during transport.
Equipped with an adjustable padded shoulder strap and a rubber-grip handle, this professional tool bag

ensures safe and easy transport in any situation.
7. Structured and compact capacity.
With internal dimensions of 415 x 180 x 270 mm and a weight of 4.4 kg, the BTP 02 R is a compact yet comprehensive tool case, ideal for those seeking a balance between space, organization, and portability.
