

## PRODUCT DATA SHEET

### GT Line Tool Case AI1MOD16

EAN 8024482191461

#### Intelligent Modularity and Additional Capacity for Your Daily Work

The **AI1MOD16** tool case is a compact and robust module designed to expand the capacity of GT Line's ALL IN ONE system. **Perfect as a standalone tool case or integrated professional container**, the **AI1MOD16** provides maximum flexibility for professionals who need extra space for hand tools, power tools, and bulky spare parts. **Made of durable polypropylene** via injection molding, **this tool case features the patented Lock-Unlock system** for fast and secure stacking and release. **When combined with the AI1LID cover**, **AI1MOD16** can also be used with previous ALL IN ONE versions, ensuring full compatibility and continuous workflow.

With integrated **INTELLIRESPOND** technology, you can digitally track and manage your tool case content directly from your smartphone.

#### Features

- 1. Intelligent expansion of the ALL IN ONE**  
AI1MOD16 system is designed to increase the load capacity of the ALL IN ONE trolley, transforming it into a professional transport system on wheels, modular and customizable.
- 2. Can also be used independently** This module also functions as a *stand-alone professional case*, ideal for transporting additional tools, components or large spare parts.
- 3. Patented Lock-Unlock system for quick stacking**  
The convenient release button allows modules to be easily stacked and separated, simplifying field management and making tool organization more efficient.
- 4. Backward compatibility with old ALL IN ONE versions**  
With the adoption of the new AI1LID lid, AI1MOD modules can also be integrated with previous generation trolleys, offering maximum versatility of use.

## PRODUCT DATA SHEET

### 5. Lightweight but resistant structure

Made of shockproof polypropylene by injection molding, the case guarantees solidity and durability without sacrificing lightness (only 3.21 kg), perfect for everyday use.

### 6. INTELLIRESPOND technology for digital management.

Thanks to the free app, you can manage your tool inventory directly from your smartphone or tablet, improving control and operational efficiency. Learn more about [www.intellirespond.com](http://www.intellirespond.com).

### 7. Compact design and easy to integrate

With external dimensions of 585 x 369 x 198 mm, the case fits perfectly into other modules and fits into any operating environment, even in equipped vehicles or mobile workshops.

External measures*		
	Length	585 mm 23.03 inc
	Depth	369 mm 14.52 inc
	Height	198 mm 7.79 inc

\*Dimensional tolerance +/- 1.5%

Weight	
	3.21 Kg 7.08 lbs

Load capacity	
	25 kg 55.12 lbs

Color	
	Black

Specifications	
Waterproof	Water resistant
Stackable	Yes. The LOCK/UNLOCK system (patented) allows you to unlock each box with one hand
Handle	Ergonomic rubber-coated handles
Material	Injection-molded PP copolymer (resistant to high and low temperatures and chemicals)
Label	Name tag
Cover	New removable cover with patented stacking system for attaching AI1MOD modules
Locks	Reinforced metal latches and padlock holes
Intellirespond	Yes
