PRODUCT DATA SHEET

Work Line by GT Tool Holder Panel Tool Roll 15T R

EAN 8024482189420

Maximum Organization in an Ultra-Compact Format

The Tool Roll 15T R is a practical, lightweight tool roll for professionals who always need essential tools close at hand with fast, tidy access.
Equipped with 15 pockets for tools, it's ideal for carrying hand tools like screwdrivers, wrenches, pliers, and small parts.
Highly versatile, it can be used inside a tool bag, backpack, case, or even carried on its own for quick tasks.
Thanks to its foldable design and low weight, it's the perfect accessory to pair with any GT Line professional case, work bag, or trolley.

Features

1.15 pockets for organised tool management.

Provides **efficient organisation for hand tools of various sizes**, improving **accessibility** and **reducing intervention time**.

2.Open format: 680 x 320 mm for full visibility.

The **generous layout** allows tools to be **arranged clearly and neatly**, avoiding overlap and confusion.

3.Roll-up design, ideal for mobile use.

When closed, the roll takes up **very little space**, making it perfect to fit into a **work tool bag or compact tool case**.

4.Lightweight: only 0.40 kg.

Easy to carry anywhere, whether **by hand** or inside a **tool backpack**, without adding unnecessary weight.

5.Perfect for technicians, maintenance staff, and mobile craftsmen.

The **ideal accessory** to pair with a **tool case, professional backpack, or tool bag**, increasing **organisational capacity**without sacrificing **practicality**.

6.Fully compatible with the Work Line by GT.

Seamlessly integrates with **GT Line tool cases, work bags, and backpacks**, offering **flexibility and order** in every work environment.
