GT Line Tool Case AI1MOD31

EAN 8024482191508

Extra Capacity and Total Modularity for the Demanding Professional

The **AI1MOD31 tool case** is the high-capacity module designed to enhance the GT Line **ALL IN ONE** range. Perfect for holding power tools, extra hand tools or bulky spare parts, it can be used in combination with the main trolley or even as a **free-standing professional suitcase**. Made of **durable polypropylene** by injection molding, it offers the same strength and reliability that have made the ALL IN ONE system famous all over the world. Thanks to the patented "Lock-Unlock" hooking system, AI1MOD31 can be **stacked and unhooked** with a simple gesture, offering a **modular and mobile** system for every professional need. The case is also compatible with previous versions of ALL IN ONE through the use of the new AI1LID cover. It also integrates **INTELLIRESPOND technology** for digital content control and instrument traceability.

Features

1. **Additional capacity for bulky tools or power tools**
   The AI1MOD31 is the ideal solution for those who need extra space within their transport system: a professional container for large instruments.

2. **Use stand-alone or in combination with other modules**
   Can be used alone as a stand-alone tool case or stackable on other modules of the AI1MOD series to configure a modular and mobile tool case.

3. **Removable internal drawer for more flexible management**
   The internal space includes a large removable drawer, ideal for organizing tools, accessories or specific components, keeping order even on the move.

4. **Patented Lock-Unlock system for quick stacking**
   The practical release button allows you to stack and disassemble the modules in a few seconds, increasing speed and practicality of use in the most dynamic work contexts.

5. **Compatibility with previous generation ALL IN ONE**
   With the AI1LID lid, AI1MOD31 can also be used with trolleys of previous versions, ensuring continuity of use and maximum reuse of your equipment.

6. **Sturdy yet lightweight construction**
   Made of shockproof polypropylene, it weigh only 4.79 kg and offers protection and lightness, perfect for those looking for a professional suitcase ready to use in any situation.

7. **Digital management with INTELLIRESPOND technology**
   Thanks to the free INTELLIRESPOND app, you can check, inventory and manage the contents of your suitcase directly from your smartphone. About www.intellirespond.com.

8. **Ideal dimensions for transport and modular integration**
   The compact dimensions (585 x 369 x 348 mm) allow perfect integration with other modules in the line and facilitate transport in the workshop or in equipped vehicles.
