PRODUCT DATA SHEET

Work Line by GT Tool Holder Panel Tool Roll 20T R

EAN 8024482189413

Maximum Organization in Minimal Spaces

The Tool Roll 20T R is the ideal tool roll for professionals seeking efficient, compact organization.
With 20 tool pockets across a wide surface, it neatly carries screwdrivers, pliers, wrenches, and tools of various sizes.
Once rolled up, its footprint is minimal — perfect to fit inside a tool bag, tool backpack, suitcase, or professional case.
Extremely lightweight yet spacious, it's the right choice for mobile technicians, installers, and maintenance workers who want everything under control.

Features

1. 20 tool pockets for maximum organizational capacity.
Ideal for neatly arranging a wide assortment of tools, accessories, and small parts, ready for use at any time.
2. Open format of 790 x 320 mm for immediate visibility.
The large surface provides a complete view of all tools, simplifying selection and improving work efficiency.
3. Ultra-compact roll-up design.
Once closed, the Tool Roll20T R takes up very little space and fits easily into any professional tool bag, work backpack, or tool case.
4. Lightweight: only 0.50 kg.
Its lightness makes it practical to carry for long periods, perfect for quick jobs or as part of a larger tool case.
5. Versatile use in any operating context.

Compatible with professional backpacks, tool pouches, trolley tool bags, and work tool bags, it adapts perfectly to every professional's routine.
6. Essential accessory for mobile tool management.
Designed for field workers, it's an effective solution for keeping everything in order, even in tight spaces or while in transit.
