

## PRODUCT DATA SHEET

# GT Line Professional Case BOXER PTS

EAN 8024482004013

Lightness and Strength for every Professional Enterprise

The PEL Boxer Tool Case represents **the perfect balance between lightness and strength**, ideal for professionals looking for a **reliable and practical container**.

It combines its small size with a high capacity. Made from injection-moulded polypropylene, it offers excellent value for money without compromising on capacity. The aluminum profile gives it additional solidity, making this tool case an ideal choice for those looking for a professional case that combines practicality, safety and functional design.

### Features

- 1. Easy to transport, without sacrificing robustness.**  
The new handle with rubber grip allows a comfortable and safe grip, facilitating transport even during long trips.
- 2. Guaranteed security for your instruments.**  
The new keyed side locks offer effective protection against unauthorized access, keeping your tools safe.
- 3. Efficient organization for optimal management.**  
The document compartment and the 2 small parts drawers allow you to keep everything in order, facilitating quick access to documents and small parts.
- 4. Practical support for easy operation.**  
The lid holder arm keeps the lid open during use, making operations smoother and faster.
- 5. Maximum versatility for every tool.**  
The 2 elastic tool panels allow you to quickly organize and access all your essential tools, keeping the inside of your case tidy.
- 6. Thermoformed bottom for optimal protection.**  
The thermoformed bottom is designed to support and protect items of different shapes and sizes, ensuring safe and damage-free storage.
