GT Line Professional Tool Trolley **BOXER WH PTS**

EAN 8024482175669

Lightness and Robustness for those who work on the move

The WH Boxer Tool Trolley represents **the perfect balance between lightness and resistance**, ideal for professionals looking for **a reliable and practical container**.

It combines its small size with a high capacity.

Made from injection-moulded polypropylene, it offers excellent value for money without compromising on capacity. The aluminum profile gives it additional solidity, making this tool case an ideal choice for those looking for a professional case that combines practicality, safety and functional design. The WH Boxer is an essential ally for mobile workers.

Features

- 1. Easy to transport, without sacrificing robustness.**
The new handle with rubber grip allows a comfortable and safe grip, facilitating transport even during long trips.
- 2. Guaranteed security for your instruments.**
The new keyed side locks offer effective protection against unauthorized access, keeping your tools safe.
- 3. Efficient organization for optimal management.**
The document compartment and the 2 small parts drawers allow you to keep everything in order, facilitating quick access to documents and small parts.
- 4. Practical support for easy operation.**
The lid holder arm keeps the lid open during use, making operations smoother and faster.
- 5. Maximum versatility for every tool.**
The 2 elastic tool panels allow you to quickly organize and access all your essential tools, keeping the inside of your case tidy.
- 6. Thermoformed bottom for optimal protection.**
The thermoformed bottom is designed to support and protect items of different shapes and sizes, ensuring safe and damage-free storage.
