

PRODUCT DATA SHEET

GT Line Waterproof Professional Trolley MUB78

EAN 8024482016146

Maximum Capacity and Resistance for Outdoor Use

The **WATERPROOF MUB78 professional case** is the ideal choice for professionals working in outdoor environments and extreme conditions. This *high-capacity, professional enclosure* made from durable, injection-moulded polypropylene is designed to offer total protection against impact, weather and chemicals. Perfect as a *tool case* or *tool case*, the MUB78 is **stackable, lightweight** and equipped with ergonomic handles and **wheels for easy transport** even on construction sites, nautical environments and outdoor sectors.

Features

- 1. Total resistance in any environment.**
The *high-strength polypropylene construction*, combined with the waterproof design, ensures complete protection against shocks, rain, dust and chemicals, making it the ideal *professional case* for outdoor use.
- 2. Large load capacity for every need.**
With generous internal dimensions (780 x 410 x 330 mm), the MUB78 offers a versatile space to organize and transport tools, technical tools and materials, even large ones.
- 3. Optimal mobility thanks to the trolley configuration.**
Equipped with *sturdy wheels* and a removable handle, the MUB78 tool case is easily transportable even on rough terrain, without sacrificing stability and control.
- 4. Easy and safe transport.**
The *ergonomic side handles* allow transport by two operators, while the *front handle* allows autonomous movement, always ensuring a firm and comfortable grip.
- 5. Additional security for your instruments.**
Lock *predispositions* allow you to protect the contents of the *tool case* from unwanted access, ideal for shared work environments or frequent transport.
- 6. Stackable and space-saving for efficient logistics.**
The compact structure and *the reinforcing ribs in the lid* make the MUB78 easily stackable, ensuring stability during storage and transport.
- 7. Reliability in all weather conditions.**
Designed to withstand *both high and low* extreme temperatures, *the professional tool case* keeps your tools intact even in severe climates or during long transports.

PRODUCT DATA SHEET

8. Customizable empty container.

The empty internal layout offers maximum flexibility for the insertion of custom-made accessories or protective foams, adapting to the needs of each sector.
