GT Line Professional Trolley REVO21 WH PEL

EAN 8024482187259

Maximum Mobility and Protection for Your Tools

The REVO21 WH professional trolley is the ideal choice for technicians and professionals who need a sturdy, safe and easily transportable container. Made from durable, injection-moulded polypropylene, this tool trolley is designed to withstand impact, chemicals and temperature fluctuations. With a completely new design, REVO21 WH combines the qualities of a tool bag with the practicality of a trolley, ensuring maximum efficiency even during the most frequent trips. Solid, roomy and functional, it is the perfect professional suitcase for those who work on the go.

Features

- 1. Ultra-durable construction for demanding work environments.**
The high-gauge polypropylene, processed by injection molding, offers superior resistance against impacts, chemicals and extreme temperatures, ensuring a long service life.
- 2. Tool trolley with integrated mobility for maximum comfort.**
Equipped with sturdy wheels and a telescopic handle, the REVO21 WH is ideal for professionals who are always on the go: it can be easily transported effortlessly even over long distances or uneven surfaces.
- 3. Guaranteed security with double key locks.**
The two keyed locks ensure protection against unauthorized access, making this tool case ideal for transporting delicate or valuable tools.
- 4. Reinforced structure with aluminum profile.**
The aluminum profile increases the overall strength of the enclosure, improving tool protection even under impact or high pressure.
- 5. Enhanced airtight closure with three rear hinges.**
The three hinges offer a superior seal, protecting the contents from dust, water and external agents while on the move.
- 6. Ergonomic handle with rubber grip for a secure grip.**
The upper handle, covered with non-slip rubber, allows a firm and comfortable grip, even in difficult conditions or with work gloves.
- 7. Customizable interior space for perfect organization.**
The bottom is equipped with adjustable and removable dividers, designed to adapt to different types of tools and ensure tailor-made organization.

PRODUCT DATA SHEET

8. Modern and functional design for daily professional use.

The new REVO21 WH line combines aesthetics and functionality, offering a professional tool case that also stands out for its refined and technical image.
