## Work Line by GT Tasca Porta attrezzi Top Electra R

EAN 8024482188799

### Praticità Immediata per l'Utensile Giusto al Momento Giusto

The Top Electra R is a belt-mounted tool pouch designed to ensure speed, lightness, and organization during field operations.

Created for electricians, maintenance technicians, and mobile professionals, it features a grommet for attaching to the Top Belt R, allowing instant access to essential tools.

With its compact and functional design, it is perfect for use on its own or as a complement to a professional tool bag, work backpack, tool case, or trolley backpack — delivering maximum efficiency even in the tightest spaces.

#### Features

##### 1. Compact and lightweight tool pouch

Weighing just 0.25 kg and measuring 280 x 70 x 300 mm, it offers a practical and handy solution for carrying your most-used tools.

##### 2. Direct attachment to the Top Belt R tool belt

The rear eyelet ensures secure fastening to the tool belt, turning it into a wearable tool pouch.

##### 3. Immediate access to tools

The pocket is designed for quick access, ideal for reducing intervention time and working more efficiently.

##### 4. Perfect for dynamic operational environments

Designed for working at heights, in motion, or on systems, it keeps essentials on hand without overloading your setup.
