Work Line by GT Tool Bag

Top Pilot R

EAN 8024482188898

Maximum Versatility and Organization for the Modern Professional

The TOP Pilot R tool bag is the ideal choice for dynamic professionals who need functional organization and secure space for tools and tech devices.

With its "pilot-style" vertical opening design, it's perfect for carrying work tools and laptops up to 18".

Equipped with an adjustable shoulder strap, PSS (Professional Storage System) elastic system, and padded side pockets, it is compatible with any professional backpack, tool case, work trolley, or professional tool bag — ensuring efficient field tool management.

Features

- 1. Convenient vertical access for tools and laptop.**
The vertical development design allows full and organized opening, ideal for storing a laptop up to 18" along with essential work tools.
- 2. Multifunctional structure for professionals on the move.**
Designed for technicians, installers, and maintenance professionals, this tool bag combines elegance and functionality in a compact, high-performance format.
- 3. PSS system for fast, modular organization.**
The front and rear areas are equipped with elastics and the PSS - Professional Storage System, allowing tools and accessories to be securely and accessibly fixed.
- 4. Padded side pockets for extra protection.**
The two side pockets offer additional space and are padded to protect delicate components, electronic devices, or consumables.
- 5. Adjustable shoulder strap for comfortable transport.**
The practical strap allows the bag to be carried on the shoulder even during frequent travel, keeping hands free for fast operations.
- 6. Compatible with professional transport systems.**
The TOP Pilot R integrates perfectly with tool backpacks, work backpacks, tool bags, or tool cases, expanding loading capacity and organizational efficiency.
