Work Line by GT Top Tape Plus R Measuring Tape Bag
EAN 8024482189444

Maximum Practicality and Accessibility for the Professional on the Move

The Top Tape Plus R tape measure pouch is the perfect support accessory for those who need compact, lightweight access to essential tools.
Designed for dynamic professionals, it integrates perfectly with the TOP BELT R work belt, offering maximum freedom of movement and speed.
An essential accessory for any technician, perfect to pair with professional backpacks, tool bags, or tool cases for a complete tool kit organization.

Features

1. Compact design for daily use without bulk.
With dimensions of only 120 x 50 x 210 mm and a weight of just 0.15 kg, this professional tool pouch is ideal for those who need essentials always on hand, without adding weight.

2. Quick-attach system for maximum versatility.
The practical loop allows the pouch to be easily attached to the TOP BELT R tool belt, turning it into a functional extension of your workwear.

3. Durable materials for long-lasting performance.
Made from tough, wear-resistant materials, this pouch guarantees reliable performance even in demanding work environments.

4. Quick access to measuring tape or frequently used tools.
The holster-style design provides rapid access to contents, ideal for quick measurements and operations requiring speed and precision.

5. Perfect complement to any tool transport system.

Optimized for use with work backpacks, tool cases, tool pouches, or professional trolley backpacks, improving organization and reducing intervention time.

6. Ideal for technicians, installers, and maintenance professionals.

Designed for those working on the move, it's an efficient solution to complete your tool backpack or work tool case.
