## Work Line by GT Tool Belt Top Tool Belt R

EAN 8024482188782

### Freedom of Movement and Immediate Access to Tools

The Top Tool Belt R is designed for professionals who need to keep everything within reach while maintaining agility and comfort on the job.

Equipped with multiple stitched pockets in various sizes, a hammer or mallet holder, and a tape measure loop, it offers a practical and durable solution for electricians, maintenance technicians, installers, and construction professionals.

It's the perfect complement to professional backpacks, tool bags, work backpacks, and tool cases, enhancing efficiency and organization in any work environment.

#### Features

- 1. Maximum freedom of movement with tools always within reach.**  
The tool belt is worn comfortably around the waist, allowing you to work hands-free while reducing the need to move around to retrieve tools.
- 2. Multiple stitched pockets for smart tool organization.**  
The reinforced pockets in various sizes ensure durability and are ideal for holding pliers, screwdrivers, utility knives, and other essential tools.
- 3. Integrated holder for hammer or mallet.**  
The belt includes a dedicated hammer holder to securely carry heavier and bulkier tools.
- 4. Quick-access loop for tape measure or accessories.**  
A practical loop keeps your tape measure easily accessible, improving speed and precision during on-site operations.
- 5. Adjustable fit for personalized comfort.**  
Easily adapts to different body types, ensuring all-day comfort—even during movement or when working in awkward positions.

# PRODUCT DATA SHEET
