## GT Line Atomik WH PEL Professional Trolley

EAN 8024482016436

### Maximum Resistance, Organization and Comfort

The **Atomik WH** case is the perfect solution for business professionals who need **security, strength and order, but also comfort during their trips**. Made of thick polypropylene with injection molding technology, it guarantees **protection against impacts, corrosive substances and extreme temperatures**. Designed for the most demanding professionals, it offers long-lasting protection and optimal organization and ease of use.

#### Features

- 1. Long-lasting protection in harsh working environments.**  
*The High Thickness Polypropylene* offers high resistance to impacts, corrosive substances and extreme temperatures, ensuring that the case will withstand even the harshest conditions.
- 2. Reinforced corners and uniform protection against impact and stress.**  
*Injection Molding* allows you to obtain a solid structure, with reinforced corners that offer uniform protection throughout the case, avoiding damage from impacts or daily stress.
- 3. Optimal internal organization and quick access to tools, thanks also to the two tool panels with elastic bands on one side and on both sides.**  
*The adjustable and removable dividers* together with the elastic panels allow you to easily customize the interior space, offering quick and tidy access to all your tools and accessories.
- 4. Advanced protection against unauthorized access.**  
*Keyed Locks and Reinforced Metal Hinges* ensure a secure lock, protecting your tools from unauthorized access attempts.
- 5. Comfortable and easy transport even during long journeys.**  
*The ergonomic rubber-coated handle* designed for comfortable carrying, makes it easy to move, even over long distances, reducing fatigue and improving grip. The ball-bearing wheels make transport particularly easy.
- 6. Quick identification and optimal management of accessories.**  
*The Name Plate* allows for quick identification, while *the Add-on Panel* and integrated document area provide space to organize documents, business cards, and other accessories.
- 7. Compact and easily portable design.**  
The case is designed to be easily stored and transported, ideal for those who work on the move, without sacrificing the protection of their tools.
