Work Line by GT Tool Bag BAG 06 R

EAN 8024482188959

Intelligent Organization and Versatile Transport for the Dynamic Professional

The BAG 05 R professional tool bag by Work Line by GT is designed to offer practicality and functionality in every operational setting.

Perfect as a tool and document bag, it's ideal for technicians, installers, and maintenance workers who need quick and organized access to tools and paperwork.

Compact, lightweight, and durable, this work tool bag features multiple pockets, a front clip closure, ergonomic handle, adjustable shoulder strap, and level holder hook.

Also usable as a work backpack or compact tool case, it's a practical solution for professionals looking for a functional tool kit.

Features

1. Flexible organization and immediate access.

Pockets of various sizes allow for neat and accessible storage of hand tools, small parts, and documents—making this tool bag ideal for any kind of job.

2. Perfect combination of tool bag and document holder.

Its slim yet roomy design makes it suitable for transporting manuals, documents, and technical sheets, turning it into a multifunctional tool case.

3. Comfortable and adaptable transport.

Equipped with a central handle and adjustable shoulder strap, it can be carried by hand or worn over the shoulder like a professional backpack or tool satchel.

4. Secure and practical closure.

The front clip closure system allows for quick and reliable opening and closing, protecting contents during any move.

5. Professional features with built-in level holder.

PRODUCT DATA SHEET

The integrated level holder is a practical detail for field technicians who need their measuring tools with them at all times.

6. Compact and lightweight for daily use.

With dimensions of 400 x 310 x 55 mm and a weight of only 0.7 kg, this professional tool bag is extremely compact and easy to handle, ideal for mobile workers.

7. Technical design for field work.

Built with durable materials, it's a tool case designed for intensive use, offering both protection and practicality.
