### GT Line Professional Case REVO21 PEL

EAN 8024482187228

Maximum Protection and Versatility for Every Professional

The REVO21 PEL professional case is the ideal container for those looking for robustness, safety and flexibility in any work situation. Made of high-strength polypropylene by injection molding, it is designed to withstand extreme conditions, effectively protecting tools and instruments. Thanks to the completely renewed design of the REVO21 line, it combines innovation and practicality, becoming an indispensable tool case for every technician, maintenance technician or professional on the move. Also available in a version with wheels, it is perfect as a tool case for convenient and organized transport.

#### Features

- 1. Advanced protection for tools and utensils even in harsh environments.**  
Injection-molded polypropylene offers superior resistance to impacts, chemicals and temperature changes, making this tool case ideal for intensive outdoor or industrial use.
- 2. Maximum security thanks to double locks with key.**  
The two keyed locks effectively protect the contents from unwanted access, ensuring safe storage of valuable tools.
- 3. Reinforced structure with aluminum profile.**  
The sturdy aluminum profile increases the structural strength of the case, offering greater durability and extra protection against blows and deformations.
- 4. Ergonomic handle with non-slip grip for comfortable carrying.**  
The rubber-coated handle ensures a firm and comfortable grip even with wet or gloved hands, making it easy to carry in all conditions.
- 5. Enhanced airtight closure with triple rear zipper.**  
The three rear hinges ensure optimal sealing, protecting the contents from dust and moisture and extending the service life of the tools.
- 6. Modular organization of the bottom with adjustable dividers.**  
The lower compartment is equipped with removable and customizable dividers, designed to offer a flexible and orderly arrangement of instruments, adapting to different professional needs.
- 7. Also available in a trolley version for effortless mobility.**  
The version with wheels makes the REVO21 PEL a perfect tool case with easy transport, ideal for those who often work on the road or over long distances.
- 8. Modern, professional design that is ideal for every technical field.**  
The updated look of the REVO21 range responds to the aesthetic and functional needs of the modern professional, standing out as a high-level professional suitcase.
