Work Line by GT Tool Backpack

Top 07 XL R

EAN 8024482188768

Extra Capacity, Total Protection, and Maximum Mobility

The TOP 07 XL R is a high-capacity professional backpack designed for technicians and field operators who need spacious, organized, and secure storage for tools, accessories, and electronic devices.

Equipped with a padded compartment for laptops up to 15" and a removable tool panel with pockets and elastic loops on both sides, it offers a complete solution for daily work management.

Features

1. Large capacity and well-organized space

With generous dimensions (370 x 200 x 500 mm), it provides the space needed to carry tools, accessories, documents, and even a laptop—all in one compact tool backpack.

2. Removable tool panel

The central panel, equipped with elastic bands and pockets on both sides, enables optimal organization and quick access to tools during interventions.

3. Padded laptop area up to 15"

Perfect for protecting your computer during transit, making the TOP 07 XL R an excellent choice for those who need both a tool bag and a digital transport solution.

4. Multiple pockets for organized management

External and internal pockets allow you to separate tools, small parts, accessories, and documents, reducing intervention times.

5. Ergonomic design and balanced weight

Weighing only 2.00 kg, this work backpack strikes the perfect balance between capacity and portability, ideal for daily use.

6. Maximum mobility for on-the-go work

Perfect as a standalone tool or paired with a professional case or trolley, it's suitable for on-site technicians, maintenance workers, installers, and service professionals.
