

PRODUCT DATA SHEET

Work Line by GT Tool Bag BTP 01 R

EAN 8024482189734

Maximum Durability and Smart Tool Access

The BTP 01 R is a professional tool bag designed to ensure practicality, strength, and organisation. Made of 600D nylon with reinforced stitching and an internal base in galvanized steel, it withstands the daily stresses of intensive use in laboratories, workshops, and any working environment. The fold-down front panel with 90° opening and the internal FLEXI POUCHES™ pockets provide quick and tidy access to all tools, making it ideal for those looking for a versatile, durable, and easily transportable professional tool bag. A valid alternative to the classic tool case, it is also perfect when combined with a work trolley backpack or a tool case.

Features

1. Heavy-duty construction for intensive use.

The 600D tear-resistant nylon structure, combined with reinforced stitching, offers reliable protection in demanding work environments, making it a durable and robust tool bag.

2. Enhanced visibility for greater safety.

Reflective inserts improve visibility in low-light environments, increasing operator safety on construction sites and in nighttime work areas.

3. Steel base for maximum stability.

The galvanized steel bottom ensures structural strength and resistance to deformation, ideal for safely carrying heavy tools.

4. Smart organization with FLEXI POUCHES™ pockets.

Modular internal compartments allow for organized storage of tools of various shapes and sizes, improving efficiency and reducing intervention times.

5. Easy access thanks to the fold-down front panel.

The 90° opening design offers full visibility of contents and immediate access to tools, making this tool bag extremely practical in any situation.

6. Total comfort during transport.

Equipped with an adjustable neoprene-padded shoulder strap and a handle with rubber grip, this professional tool bag ensures comfortable and secure transport in any situation.

7. Compact and lightweight design.

With internal dimensions of 370 x 155 x 250 mm and a weight of 2.9 kg, the BTP 01 R is a compact tool bag, ideal for professionals on the move who need an agile and durable solution.
