Work Line by GT Tool Backpack MONOLITH LT35

EAN 8024482191553

Modern design for a backpack with a sturdy base

The Monolith LT35 professional backpack by Work Line by GT is the perfect solution for those seeking a work tool bag that combines large internal capacity, functionality, and comfort. Designed for technicians, maintenance workers, and installers, this tool backpack is engineered for the safe and organized transport of tools, accessories, documents, and laptops up to 17". Thanks to its ergonomic design and high material durability, the Monolith LT35 proves to be an indispensable tool for professionals on the move, offering a compact yet complete alternative to the traditional tool case or professional tool bag.

Features

1. Versatile and organized transport of tools and digital devices.

The tool backpack features a large main compartment with 43 pockets for tools, plus a dedicated sleeve for laptops up to 17", also offering space for documents and work accessories.

2. Quick and complete access to tools.

The 90° front and rear opening provides immediate access to all compartments, making this work backpack extremely functional even in confined spaces.

3. Smart organization.

The internal compartments are designed to accommodate different types of tools, thanks to the combination of elastic and rigid holders that allow the space to be configured according to the professional's needs.

4. Removable and reversible inner panel for maximum flexibility.

Customize the internal layout with a removable panel usable on both sides – ideal for quickly switching toolsets or operational configurations.

5. Rigid lower tray for heavy and bulky tools.

The deep, sturdy, non-deformable base allows for safe transport of larger tools, protecting contents from impact and improving the stability of the backpack.

6. Ergonomic comfort for long movements.

The side and front pockets allow quick access to the most frequently used accessories.

7. External pockets.

Side and front pockets allow quick access to frequently used accessories, while external elastic straps are perfect for holding a level or other long tools.

8. Durability and reliability in any work environment.

Durable materials and high-quality finishes make the Monolith LT35 a professional tool bag built to last over time, even in the toughest conditions.
