Since 1970 **GT Line** has been synonymous with excellence in the design and manufacturing of technical cases and custom professional containers.

Each product is born from a passion for innovation and a commitment to meeting the specific needs of every industry, ensuring uncompromising performance in any situation.

With over 55 years of experience and UNI EN ISO 9001:2015 certification, **the company manufactures** a wide range of professional cases, tool bags, waterproof and large size **containers entirely within its own facilities in Italy, Romania and Vietnam.**

Thanks to advanced robotic technologies and processes focused on energy efficiency and environmental sustainability, GT line offers **high-quality products** that combine **innovation, strength, lightness, functionality and aesthetics**, using carefully selected high performance materials.

KEY STRENGTHS

SPECIALIZATION
(more than 55 years of expertise)

PRODUCT RANGE
extensive and diversified product range

INNOVATION
continuous innovation

PRODUCTION
100% in house

TECHNOLOGIES
wide range of advanced and innovative technologies

PASSION
drives our commitment to excellence

QUALITY
uncompromising and efficient

SPARE PARTS
availability of spare parts for all its products

CUSTOMIZATION
extensive product customization capabilities

PARTNERSHIP
co-design

OUR BRANDS

Robust and functional technical tool cases, engineered for durability and practicality, ideal for professionals across multiple industries.

Lightweight tool bags and backpacks made of durable fabrics, built for everyday use, comfort and professional style.

Professional waterproof cases engineered to ensure maximum protection for sensitive equipment and delicate instruments, even in the most demanding environments.

OUR SERVICES

The GT Line Group team provides advanced customization services for technical cases, tailoring each solution to specific tools and professional applications. Beyond ensuring superior protection and organization, the company offers the integration of personalized graphics, enhancing brand visibility and delivering a powerful visual identity on every case.

Customize

GT Line's customized interiors, with pre-cubed or tailor-cut foam inserts, are designed to protect and enhance every instrument. Using advanced technologies such as laser cutting, pressing, water jet and milling, the company delivers ideal solutions to meet specific customer needs.

Protect and Organize

GT Line offers an extensive selection of complementary accessories, including pocket and elastic panels, dividers, locks, padded bags, backpacks and internal supports, carefully selected to suit the intended use of each case. These accessories complete the customization of our tool cases and high-performance containers, ensuring maximum protection, organization and attention to detail for every professional application.

GT Line also provides advanced aesthetic customization through UV printing, allowing clients to reproduce their brand communication directly on the external surfaces of their preferred professional cases.

ALL IN ONE MODULAR SYSTEM

Modular excellence designed for the most demanding professionals.

All in One Modular System is an innovative, fully modular, and customizable tool transport system designed to meet the needs of the most demanding industries, including **aerospace maintenance, industrial manufacturing and precision engineering.**

Combining robustness, flexibility and intelligent internal organization, this system ensures flawless management of professional tools, enhancing efficiency, safety and operational speed. All in One Modular System is the ideal solution for professionals who demand maximum performance, order and reliability in the transport of their tools.

All in One Modular System

This modular transport system, available in various sizes and configurations, consists of a series of stackable container models that can be customized with a wide range of accessories.

All in One Modular System: solutions

1. ALL IN ONE – Injection-moulded sturdy tool trolley, made of extremely impact-resistant materials. Ideal for intensive use in demanding environments, it is available in multiple configurations as further detailed below. Featuring a strong telescopic handle, durable wheels and a front lid that opens 180°, this trolley combines efficiency, strength and functionality for professional applications.

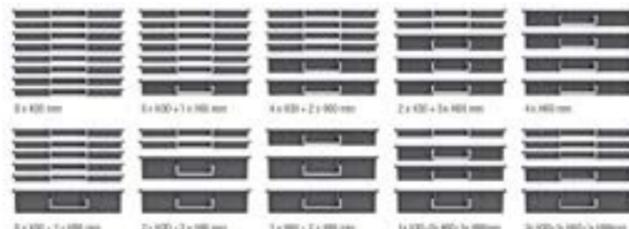

2. AI1MOD – Modular interlocking tool cases compatible with the AI1 trolley to create a spacious and configurable wheeled transport system. Injection-moulded for strength and durability, they are available in various sizes, either empty or equipped with a removable tray and customizable internal panels:

- PEL (with elastic loops)
- PTS (with FLEXI POUCHES™ pockets)
- PSS (with the PSS™ system)

3. AIDRAW – Durable polypropylene drawers available in three heights (30, 60 and 95 mm), ideal for storing small parts and accessories.

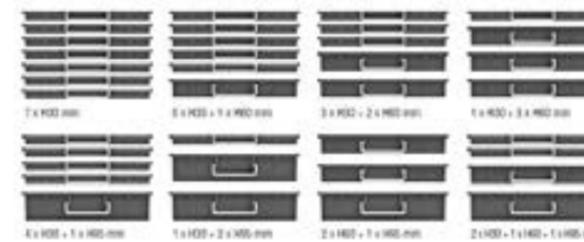

- Configurable options:
- Empty (.E)
 - With bi-color pre-cubed foam (.F)
 - With removable trays and dividers (.B1)

10 AVAILABLE CONFIGURATIONS

ITEM DRAWER	INT. CONFIG.	INT. DIM (mm)
AIDRAW3.E	Empty	467 X 255 X H30
AIDRAW3.F	With Foam	467 X 255 X H30
AIDRAW6.E	Empty	467 X 255 X H60
AIDRAW6.F	With Foam	467 X 255 X H60
AIDRAW6.B1	BIN BOXES	467 X 255 X H60
AIDRAW9.E	Empty	467 X 255 X H95
AIDRAW9.F	With Foam	467 X 255 X H95
AIDRAW9.B1	BIN BOXES	467 X 255 X H95

8 AVAILABLE CONFIGURATIONS

4. AIBOX – Organizers made with AIDRAW drawers featuring a removable transparent lid. Practical polypropylene organizers available in three heights (30, 60 and 95 mm).

- Configurable options:
- Empty (.E)
 - With bi-color pre-cubed foam (.F)
 - With removable trays and dividers (.B1)

ITEM Organizer	INT. CONFIG.	INT. DIM (mm)
AIBOX3.E	Empty	467 X 255 X H30
AIBOX3.F	With Foam	467 X 255 X H30
AIBOX6.E	Empty	467 X 255 X H60
AIBOX6.F	With Foam	467 X 255 X H60
AIBOX6.B1	BIN BOXES	467 X 255 X H60
AIBOX9.E	Empty	467 X 255 X H95
AIBOX9.F	With Foam	467 X 255 X H95
AIBOX9.B1	BIN BOXES	467 X 255 X H95

5. SMALL BOXES WL – Small parts boxes included in selected AI1 models or available separately. They come in two widths (163 mm and 245 mm) and offer various internal configurations: empty or with 6, 10, or 11 compartments.

6. AIPANEL – Various types of tool panels designed to optimize internal organization:

- AIPANEL PSS: Drawer panels (low, medium, high)
- AIPANEL PEL / PTS / PFR: Lid panels with elastic loops, pockets, or adjustable bands
- AIPANEL IPAD: Lid panel with dedicated tablet pocket and PSS system
- AIPANEL PLEXI: Transparent hinged cover designed to secure foam inserts or technical documentation.

7. AIWHEELS – Optional wheel kit with four swivel castors, including two with brake, for even easier and smoother mobility.

8. AI1LID – Lid designed for AI1 models, developed to upgrade previous versions and make them compatible and stackable with the new AIMOD modules.

A11

Polypropylene tool trolleys designed to accommodate organizers or removable drawers, available either empty or equipped.

wearables

TOP NAIL R

Compact, functional and spacious

Top Nail R is a **compact and lightweight nail and small parts pouch**, designed to be attached to a work belt, such as the Top Belt R, ensuring maximum freedom of movement and quick access to materials during daily operations.

TOP NAIL R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	160	60	160		
WEIGHT (kg)	0.10				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189451
Material	Polyester Fabric.

TOP TAPE PLUS R

Maximum practicality and accessibility

Top Tape Plus R is a **compact, lightweight tape measure pouch**, designed to keep essential tools always within easy reach.

TOP TAPE PLUS R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	120	50	210		
WEIGHT (kg)	0.15				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189444
Hookup	Adaptable to the TOP BELT R work belt thanks to a practical loop.
Material	Polyester Fabric.

TOP BUMBAG R
wearables

TOP BUMBAG R

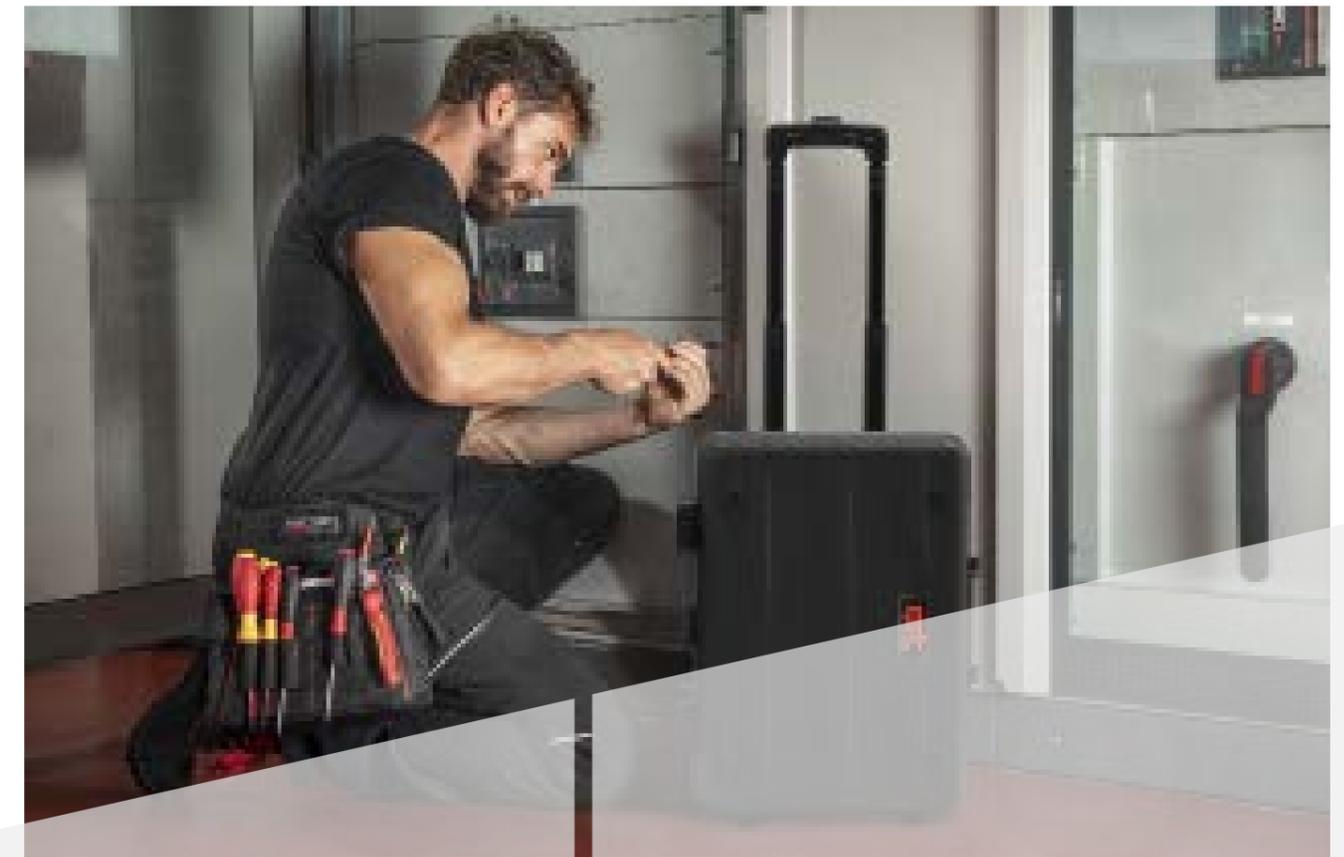

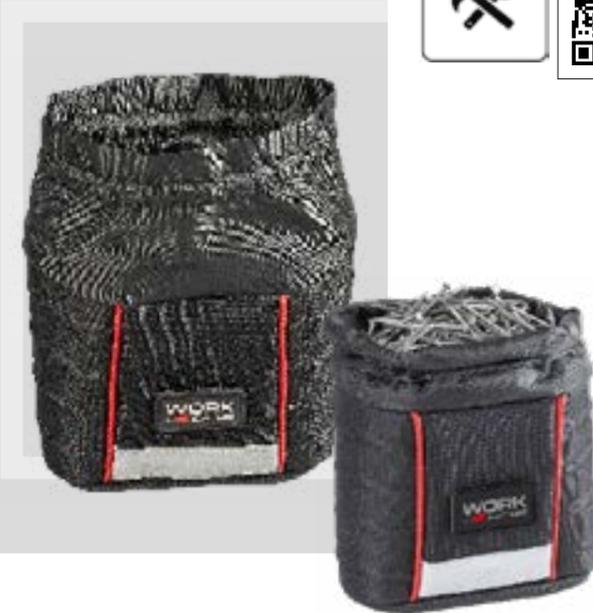

Total freedom of movement

The **Top Bumbag R** is a lightweight and practical tool pouch with a padded internal compartment for tool protection.

TOP BUMBAG R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	320	140	180		
WEIGHT (kg)	0.60				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189239
Pockets	Internal area with padded pockets for tools.
Material	Polyester Fabric.

TOOL ROLL rolls

TOOL ROLL

Maximum organization and practicality in every work environment.

Tool Roll R are **compact, lightweight and multifunctional**, designed for professionals who value organization, quick access and maximum efficiency during every task.

TOP TOOL ROLL R

TOP TOOL ROLL R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	605	540			
WEIGHT (kg)	0.40				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189406
Handles	Central handle for easy transport.
Panels	Pockets and elastic loops in various sizes.
Locks	Velcro closure.
Material	Polyester Fabric.

TOOL ROLL.12T R

TOOL ROLL.12T R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	500	320			
WEIGHT (kg)	0.35				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189437
Pockets	Tool roll with 12 pockets.
Material	Polyester Fabric.

TOOL ROLL.15T R

TOOL ROLL.15T R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	680	320			
WEIGHT (kg)	0.40				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189420
Pockets	Tool roll with 15 pockets.
Material	Polyester Fabric.

TOOL ROLL.20T R

TOOL ROLL.20T R					
DIMENSIONS (mm)	A	B	C	D	E
EXTERNAL	790	320			
WEIGHT (kg)	0.50				
Dimensional Tolerance	+/-1.5% from nominal dimensions				

TECHNICAL FEATURES	
EAN	8024482189413
Pockets	Tool roll with 20 pockets.
Material	Polyester Fabric.

COLORS

Not all colors are available for every model. Please refer to the technical table above.

* Warranty valid only if the product has been used appropriately. Explorer Cases is responsible solely for the case itself and not for any damage to its contents. For further details, please contact us.

www.intellirespond.com

**Power up your case
by connecting it
to the web!**

IntelliRespond is the smartest and most innovative way to manage your cases. At the heart of the system is the "IntelliRespond App." Available for iOS and Android devices, this app manages a wide range of useful functions:

- MY PRODUCT**
Access to all information related to your case (model, technical specifications, user manuals, warranty, and more).
- KIT MANAGER**
Content management: allows you to register, track, and view the contents of your case without opening it.
- MY SERVICE**
Online customer service for any type of request (replacements, spare parts, technical support, and more).
- NOTIFICATIONS**
Receive free product updates and useful information to support your professional activity.
