## GT Line Professional Trolley ATOMIK NEO WH L PEL (Available Soon)

EAN 8024482193731

**New energy for professional mobility with a very high-capacity trolley**

Atomik Neo WH L refreshes the GT Line professional trolley with an innovative design and solutions developed for those who are always on the move. The larger base, new bumpers, the two-tone ergonomic handle and the telescopic handle improve comfort, protection and practicality, while the oversized 100 mm wheels with bearings ensure superior smoothness. The combination lock and RFID-ready feature complete a trolley designed for professional safety and efficiency.

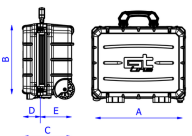

### Features

- 2 tool panels with elastic straps on both sides: allow neat and secure organization of tools, accessible from both sides.
- 1 tool panel with elastic straps on one side: ideal for completing tool organization while maintaining visibility and ease of use.
- Two-tone ergonomic handle: designed to provide a comfortable and secure grip even during prolonged use.
- Telescopic handle: makes transport easier, ensuring practicality and control during movement.
- Double combination locks: advanced solution for greater security and access management.
- Very high-capacity base: optimized structure to hold a large number of tools and materials.
- New protective bumpers: increase impact resistance and protect the case even in heavy-duty conditions.
- RFID-ready: compatible with identification and tracking systems for modern management.
- Name tag holder: allows immediate and personalized identification.
- Oversized Ø 100 mm wheels with bearings: ensure excellent smoothness and stability on different surfaces.
- Lid hinges with integrated opening support: robust system ensuring stability and control during

opening.

- AirTag holder (Apple): dedicated compartment for tracking devices, to always keep the trolley under control.
- Mechanical assembly: all components are easily replaceable; wear parts are fixed with screws for simple and long-lasting maintenance.
