PRODUCT DATA SHEET

GT Line AI1MOD31X Tool Case

EAN 8024482191690

Intelligent Vertical Organization for a Modular and Robust Tool Case

The professional tool case **AI1MOD31XR** is part of the **ALL IN ONE** modular line, designed for professionals seeking a practical, versatile, and durable tool bag—ideal for storing and transporting tools in an organized and efficient way.

Equipped with internal racks designed to house modular drawers from the **AIBOX** series, it allows for vertical loading of tools, optimizing space and keeping them easily accessible.

This professional tool case is made of impact-resistant polypropylene using injection molding technology, ensuring maximum strength with minimal weight.

Compatible with other modules in the range, it can be used as a standalone work container or stacked thanks to the patented **"Lock-Unlock"** system, enabling custom mobile configurations for any professional need.

Perfect for electricians, maintenance technicians, installers, and craftsmen, it is also compatible with **INTELLIRESPOND** technology

for digital inventory and content traceability.

This tool container is the perfect evolution of the traditional tool case: a modular system tailored to the needs of the modern professional.

Features

Internal rack for vertical loading AIBOX

The interior features a rack system designed to hold AIBOX drawers of various sizes, enhancing tool

organization and accessibility.

Modular system for independent or combined use

Can be used as a standalone work toolbox or paired with other AI1MOD line modules, ideal for creating a configurable work container.

Robust yet lightweight, ready for any situation

Made of impact-resistant polypropylene, it weighs only 4.79 kg and offers a high load capacity (30 kg), perfect for professionals on the move.

Patented Lock-Unlock system for quick stacking

The release button allows for simple and fast operation, enabling modules to be locked or unlocked in seconds.

Compatible with previous generation ALL IN ONE modules

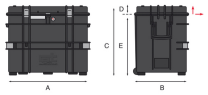

Thanks to the AI1LID lid, the AI1MOD31XR can be integrated into earlier systems, maximizing operational flexibility.

Digital management with INTELLIRESPOND

Monitor your tools via the free INTELLIRESPOND smartphone app: organize, control, and track your professional toolbox in real time.

Compact and functional design

External dimensions (585 x 369 x 348 mm) and internal dimensions (483 x 296 x 340 mm) allow perfect integration with other modules or transport in equipped vehicles.
