PRODUCT DATA SHEET

GT Line Professional Case Flash 2 PEL

EAN 8024482182599

Essential Functionality and Durability

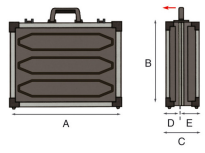

The Flash 2 professional case is the ideal container for those seeking the perfect balance between quality, functionality, and price. Built with injection-molded ABS walls and reinforced with aluminium profiles, this tool case is designed to last over time—even in the most demanding work environments. Its internal layout is designed to meet the needs of technicians, maintenance workers, and installers, offering a compact, durable, and easily transportable solution. The Flash 2 tool case is a practical, versatile, and reliable choice for any professional on the move.

Features

1. Rugged and impact-resistant structure.
The injection-molded ABS body ensures solid protection against mechanical stress, keeping contents safe even in tough conditions.
2. Aluminum reinforcements for long-term durability.
Corner profiles in aluminum increase structural resistance, shielding against wear and accidental knocks.
3. Efficient and customizable interior organization.
Two internal elastic tool panels and a document pouch with tool pockets keep everything in place, boosting efficiency and accuracy during operations.
4. Customizable bottom compartment with removable dividers.
The lower tray allows you to tailor internal layout for maximum versatility.
5. Maximum security with dual key locks.
Two key-operated locks secure tools against unauthorized access—ideal for transporting valuable equipment.
6. Reinforced hinges for secure closure.
Rear hinges provide strong retention, preventing accidental openings during transit.
7. Ergonomic handle with anti-slip rubber grip.
The comfortable rubber-coated grip allows easy handling during prolonged or heavy-duty transport.
8. Easy-to-clean interior for quick maintenance.
The internal surface is designed for effortless cleaning, ensuring hygiene and organization at all times.
