PRODUCT DATA SHEET

GT Line Professional PC Case CYBER BOXER

EAN 8024482003009

Intelligent Protection for PCs and Equipment

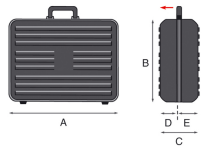

Cyber Boxer is the perfect professional PC case for those who need to transport and protect delicate electronic devices such as notebooks, portable printers, or projectors. Made of injection-molded polypropylene, it combines lightness, strength, and smart internal organization. The base features pre-cubed foam, allowing full customization and turning this tool case into a tailored professional container. Ideal for technicians, installers, maintenance workers, and IT professionals looking for a versatile, compact, and secure tool case.

Features

1. Reliable protection for electronic devices and accessories.
The high-resistance polypropylene shell safeguards against shocks, vibrations, and external agents, keeping laptops, projectors, and tools intact even during heavy-duty transport.
2. Customizable internal foam for tailored protection.
The removable pre-cubed foam base allows precise shaping to fit equipment dimensions, offering a stable fit and perfect cushioning.
3. Rigid laptop tray with secure fastening.
The dedicated notebook tray features adjustable straps that keep the device firmly in place during transit, avoiding unwanted movement.
4. Efficient document and accessory organization.
The practical internal document pouch lets you neatly carry manuals, data sheets, or work papers.
5. Enhanced security with central locking system.
The central key lock and two side latches feature an anti-tamper design, protecting contents from unauthorized access.
6. Comfortable and hands-free transport.
The adjustable shoulder strap allows convenient carry, leaving your hands free while moving.
7. Compact design for maximum versatility.
The Cyber Boxer tool case fits easily into tight spaces—ideal for mobile professionals who need fast access and safe storage.
