PRODUCT DATA SHEET

GT Line Professional Trolley GT 48-25 PTS

EAN 8024482191645

High-strength professional trolley

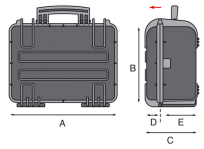

The latest-generation professional trolley GT 48-25 is the choice of professionals working in demanding environments who require efficient internal organisation.

This tool trolley is water-resistant, providing complete protection against water, dust, humidity, and corrosive agents.

Features

1. Protection against water, humidity, sand and dust.
2. Resistance to impacts, crushing, and chemical agents.
High-strength polypropylene and reinforced structure guarantee maximum protection against impacts, high pressures, and corrosive substances, ideal for intensive field use.
3. Functional organization with FLEXI POUCHES™ panels.
The two tool panels with FLEXI POUCHES™ pockets allow efficient arrangement of tools of various sizes, improving accessibility and order during use.
4. Customizable and stable internal configuration.
The base is equipped with high-stability modular dividers that allow adapting the internal space of the tool case according to the operational needs of the professional.
5. Easy transport on any surface.
The presence of durable wheels and a telescopic handle, together with an ergonomically rubber-coated handle, facilitates movement even over long distances or rough terrain.
6. Security and robustness in the details.
Zippers with anti-corrosion pins and steel reinforcements at padlock points protect the tool case from unauthorized access and prolonged wear.
7. Documentation management always within reach.
The internal document pocket and external nameplate allow orderly and professional management of manuals, checklists, and identification data.

8. Stackable design for efficient logistics.
The professional case structure is optimized for stacking, making it ideal also for transport and storage in industrial environments or equipped vehicles.

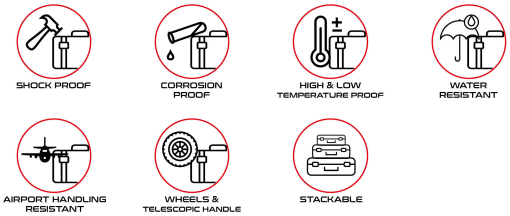

Internal measurements*					
	**A**	**B**	**C**	**D**	**E**
	480 mm 18.90 in	370 mm 14.57 in	255 mm 10.04 in	50 mm 1.97 in	205 mm 8.07 in
