# PRODUCT DATA SHEET

# GT Line Professional Trolley GT 52-21 PSS

**EAN 8024482184319**

## Spacious, water-resistant professional trolley

The GT 52-21 professional trolley is a professional container designed to deliver high performance in harsh conditions. Airtight and water-resistant, it completely protects tools and equipment from moisture, sand, and dust.

Thanks to its large capacity, telescopic handle, and integrated wheels, this tool case is also perfect for air travel and everyday mobile use.

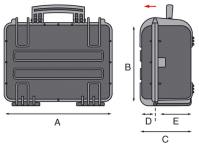

### Features

1. Protezione da schizzi d'acqua e da agenti esterni.
Garantisce protezione contro schizzi d'acqua, acqua, umidità, sabbia e polveri sottili.
The molded gasket and automatic pressure valve ensure complete protection from water, humidity, sand, and fine dust.
2. Superior resistance for extreme conditions.
Made of high-thickness polypropylene, with corrosion-resistant hinge pins and steel reinforcements, it offers protection against impacts, crushing, and corrosive agents across a wide temperature range (-33°C to +90°C).
3. Extra-large capacity for bulky tools and gear.
The thermoformed bottom with adjustable dividers enables efficient organization of irregular or oversized equipment.
4. Professional, customizable organization.
Equipped with 2 elastic tool panels and a document pouch, this case keeps tools and documents neatly arranged for optimal workflow.
5. Ideal mobility for air travel.
The telescopic handle, durable wheels, and cabin-compatible size make it the perfect tool case for frequent flyers.
6. Advanced security and fast identification.

A new lever-lock system, removable name tag holder, and optional shipping label slot ensure safety and traceability during transport.

7. Stability and ease of use on the field.

Gas-pressurized lid stays hold the lid open for hands-free access, even in complex operational environments.
