PRODUCT DATA SHEET

GT Line Professional Trolley REVO21 WH PEL

EAN 8024482187259

Easy and light to carry

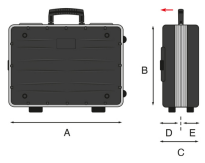

The REVO21 WH professional trolley is the ideal choice for technicians and professionals who need a sturdy, secure, and easily transportable container.
Made of durable injection-moulded polypropylene, this tool trolley is built to withstand impacts, chemical agents, and temperature fluctuations.

Featuring a fully redesigned structure, the REVO21 WH combines the features of a tool case with the convenience of a trolley, ensuring maximum efficiency even during frequent travel.
Robust, spacious, and functional — it's the perfect professional case for people who work on the move.

Features

1. Ultra-resistant structure for demanding work environments.
High-thickness polypropylene, injection-molded, provides superior resistance to impacts, chemicals, and extreme temperatures, ensuring long-term durability.
2. Integrated mobility with tool trolley for maximum comfort.
Equipped with sturdy wheels and a telescopic handle, the REVO21 WH is ideal for professionals on the go: it can be transported effortlessly, even over long distances or uneven surfaces.
3. Guaranteed security with double key locks.
The two key-operated locks offer reliable protection against unauthorized access, making this tool case ideal for transporting delicate or valuable instruments.
4. Reinforced structure with aluminum profile.
The aluminum edge profile increases the overall strength of the case, enhancing protection for tools even under heavy impacts or pressure.
5. Enhanced airtight closure with triple rear hinges.
The three hinges provide superior sealing, protecting contents from dust, water, and external elements during transport.
6. Ergonomic handle with rubber grip for a secure hold.
The top handle, coated in non-slip rubber, ensures a firm and comfortable grip—even in tough conditions or when wearing work gloves.

7. Customizable interior for perfect organization.
The bottom compartment features adjustable and removable dividers, designed to adapt to various types of tools and ensure tailored organization.
8. Modern and functional design for everyday professional use.
The new REVO21 WH line combines aesthetics and practicality, delivering a professional tool case that also stands out with a sleek and technical look.
