PRODUCT DATA SHEET

GT Line Tool Case AI1MOD16 PEL

EAN 8024482191478

Modularity, Order, and Accessibility for the Organized Professional

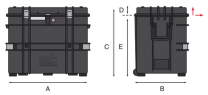

The AI1MOD16 PEL tool case is the perfect solution for those who want a compact professional container with the efficiency of a highly organized tool case.
Equipped with two internal panels with elastic loops, this professional tool case allows you to arrange and secure tools of all kinds for quick and easy access.
Part of the AI1MOD modular system and compatible with GT Line's famous ALL IN ONE trolley, it can also be used independently.
The patented Lock-Unlock stacking system allows you to attach and release modules in seconds, turning every setup into a personalized and professional tool case.
The case also includes INTELLIRESPOND technology for digital tool tracking via smartphone or tablet.

Features

1. Compact and lightweight structure, built to last Made of impact-resistant polypropylene with injection molding technology, it offers durability and strength in all working conditions, with a weight of only 4.11 kg.
2. Two elastic tool panels for organized management The internal elastic panels allow precise arrangement of hand tools of various shapes and sizes, ensuring order and immediate accessibility during daily use.
3. AI1MOD modular system for maximum versatility Usable in combination with other modules or standalone, AI1MOD16 PEL is the ideal choice to create a professional container tailored to your operational needs. Patented Lock-Unlock system for quick stacking and release The practical button mechanism allows you to connect and separate the modules with a single gesture, simplifying transport and organization.
4. Compatibility with previous ALL IN ONE system versions With the new AI1LID cover, AI1MOD16 PEL can also be used with earlier generation ALL IN ONE trolleys, ensuring full backward compatibility.
5. Digital content management with INTELLIRESPOND The free INTELLIRESPOND app allows inventory tracking and management of tools in the case directly from your mobile device. More info at www.intellirespond.com.

6. Optimized dimensions for integration and transport With external dimensions of 585 x 369 x 198 mm, AI1MOD16 PEL is easy to carry, stackable, and storable without sacrificing the necessary capacity for work tools.
