PRODUCT DATA SHEET

Work Line by GT Tool Backpack Top 07 R

EAN 8024482188775

Maximum Ergonomics and Organization on the Move

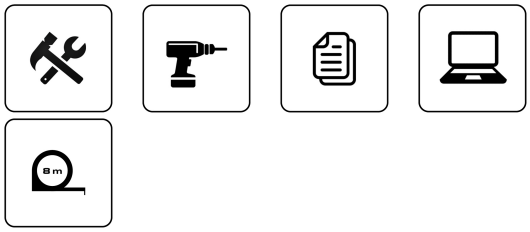

The TOP 07 R is a compact and functional tool backpack, designed to provide comfort and organization in every work situation. Equipped with spacious internal and external pockets, adjustable shoulder straps, a waist belt, and padded back support, this professional work backpack is ideal for technicians, installers, and maintenance workers on the move. Dual zippered compartments with lockable sliders and internal tool holder panels ensure optimal security and organization, while rubber feet protect the base from wear and dirt. The TOP 07 R combines the practicality of a professional tool bag with the compact design of a tool case, making it suitable for standalone use or integration into a larger tool case or work trolley backpack.

Features

1. Compact organized structure.
Two main compartments separated by a removable internal panel, lockable zippers, and sturdy tool pockets for quick and safe access to your equipment.
2. Internal and external pockets for tools, accessories, and documents.
TThe rational layout allows you to separate work tools, small parts, and technical documentation for efficient space management.
3. Padded handle, adjustable shoulder straps, and waist belt:
Maximum comfort even during long hauls—conforms to your back and distributes weight ergonomically.
4. Padded back for a comfortable fit:
The rear padding ensures support and breathability, ideal for everyday mobile use.
5. Reinforced bottom with rubber anti-slip feet:
Extra protection from wet, dusty, or uneven surfaces, enhancing durability.
6. Smart design for mobile professionals:
With dimensions of 300 x 140 x 400 mm and a weight of 2.30 kg, this is the ideal tool backpack for solo use or in combination with GT Line tool cases or bags.
7. Security and quick access in any situation:
Zip closures with padlock provision ensure protection against unauthorized access, making the TOP 07 R ideal for shared or public environments.
