PRODUCT DATA SHEET

Work Line by GT Tool Bag BAG 06 R

EAN 8024482188959

Compact, Lightweight, and Organized for Daily Work

The BAG 06 R is the perfect tool bag for professionals who value practicality, durability, and functional organization.
Lightweight yet robust, it is designed for quick and orderly access to work tools.
Thanks to the zippered top closure, central handles, and adjustable shoulder strap, this tool bag is ideal for electricians, maintenance workers, installers, and mobile technicians.

Features

1. Maximum versatility for every professional need.
Equipped with pockets of various sizes, the BAG 06 R offers smart organization of tools, allowing you to keep everything from pliers to screwdrivers to small components at hand.
2. Secure tool protection during transport.
The top zipper ensures contents stay protected and organized even while on the move, preventing accidental losses and shielding tools from dust and moisture.
3. Everyday comfort and practicality.
Ergonomic central handles allow for quick and comfortable transport, ideal for those who work across multiple sites or move frequently.
4. Freedom of movement with maximum comfort.
The adjustable shoulder strap offers a practical alternative to hand-carrying, improving weight distribution and freeing the hands for quick actions or carrying other gear.
5. Compact yet spacious design.
With a length of 510 mm, width of 200 mm, and height of 270 mm, this professional tool bag fits everything you need without being bulky.
6. Lightweight that makes a difference.
Weighing only 1.2 kg, the BAG 06 R is the perfect ally for those who need a lightweight yet durable professional tool bag for everyday use.

7. Compatible with other GT Line transport solutions.
Ideal to insert into a tool trolley or pair with a tool case for a modular and complete transport system designed for modern professionals.
