PRODUCT DATA SHEET

Work Line by GT Tool Bag BAG 07 R

EAN 8024482188881

Lightness and versatility

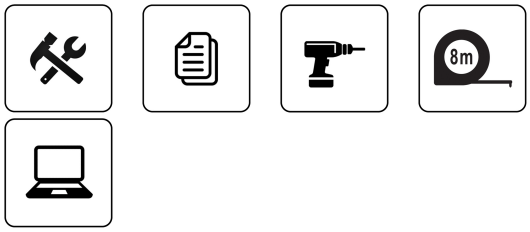

The BAG 07 R is the professional tool backpack designed for mobile workers who need compact, efficient, and accessible organization.
Ideal for electricians, maintenance workers, and itinerant technicians, this tool backpack features multiple external pockets and a large roll-up internal compartment with tool and accessory slots — ensuring order and practicality in any situation.
Adjustable shoulder straps make it comfortable even during long movements.
A reliable alternative to traditional tool bags or tool cases, and a perfect companion to a wheeled tool case.

Features

1. Compact and functional organization for any task.
The multifunctional design with roll-up internal pocket and tool compartments keeps screwdrivers, pliers, testers, measuring tools, and small parts always tidy.
2. Quick access to most-used tools.
External pockets of various sizes allow easy reach to essential accessories, reducing intervention times and increasing operational efficiency.
3. Comfort throughout the day.
Adjustable shoulder straps ensure a personalized fit, distributing the weight optimally, making this professional backpack perfect for extended use.
4. Ideal for organizing tools, documents, and accessories.
The internal structure is designed to hold not only tools, but also technical documentation, tablets, or small electronic devices, making it a complete and versatile work tool bag.
5. Compact and ultra-lightweight design.
Weighing only 0.8 kg with compact dimensions (310 x 120 x 390 mm), it's the perfect tool backpack for frequent travel, even in tight or hard-to-access environments.
6. Perfectly compatible with other GT Line solutions.
Can be used on its own or as a complement to a tool case, professional tool bag, or trolley backpack—the BAG 07 R adapts to any operational need with style and practicality.
