PRODUCT DATA SHEET

Work Line by GT Tool Bag BAG & CASE PTS R

EAN 8024482189512

Comfort and Functionality

The BAG & CASE PTS R tool bag is the ideal solution for professionals looking for the perfect balance of functionality, durability, and comfort.
This professional tool bag combines a compact design with outstanding organizational capacity, thanks to the FLEXI POUCHES™ system, modular dividers, and parts drawers.
Built to withstand intensive use in maintenance activities, it is a very practical and comfortable professional tool bag, equipped with an Ultra Comfort shoulder strap for optimal ergonomics.

Features

1. Smart and customizable tool organization.

The two tool panels with FLEXI POUCHES™ system offer flexibility and quick access to tools, making this work tool bag ideal for electricians, maintenance workers and technicians on the move.

2. Maximum stability and order with a modular base.

The base with highly stable modular dividers allows for customized division of space, to keep even small tools and components in order.

3. Protection and safety during transport.

The lockable zip closure protects your tools from unwanted access.

4. Optimal carrying comfort.

The adjustable neoprene shoulder strap allows for balanced weight distribution and reduces fatigue

during travel.

5. Durable structure with reinforced corners.

The resistant high-weight fabrics, rubber corner protectors, and generously sized zips make this bag an object designed to last over time and withstand heavy use.

6. Extra space for documents and small parts.

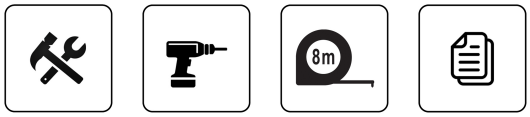

Equipped with a document pocket and 2 small parts drawers, this tool bag is perfectly suited to all your field organization and storage needs.

7. Compact but roomy: ideal for everyday work.

With dimensions L 455 mm x W 170 mm x H 360 mm and a weight of 4 kg, it is a compact and roomy bag.
