PRODUCT DATA SHEET

Work Line by GT Tool Bag BCF 136 R
(Discontinued item – Available until stock lasts)

EAN 8024482189789

Maximum Durability and Protection

The BCF 136 R is a professional tool bag designed for those who work in demanding conditions, such as plumbers, installers, and maintenance technicians. Made of Tarpaulin, a robust, waterproof, and easy-to-clean material, it offers excellent resistance to water, dirt, and daily wear. With reinforced stitching, an adjustable Ultra Comfort neoprene shoulder strap, and a practical internal transparent document holder, this tool bag combines durability and functionality in a compact, efficient design. Perfect as a tool bag, tool case, or as a complement to a professional trolley backpack.

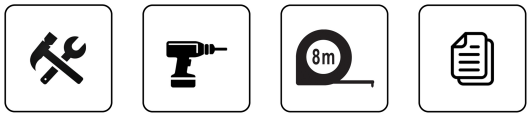

Features

1. Waterproof and durable material for tough environments.
Made of Tarpaulin, the BCF 136 R is a professional tool bag that resists rain, dust, and wear—ideal for intensive use on construction sites, workshops, and technical installations.
2. Comfort and practicality during frequent movements.
The ergonomic, adjustable shoulder strap ensures comfortable and stable carrying, reducing strain and keeping your hands free while moving.
3. Secure closure for reliable protection.
The two front buckles provide quick and robust fastening, safeguarding tools during transport and preventing accidental openings.
4. Efficient organization of work documents.
Equipped with a transparent inner pouch, it keeps small documents, technical sheets, manuals, or certifications secure and easily accessible.
5. Large capacity in a compact format.

With dimensions of 520 x 200 x 180 mm and a weight of 1.47 kg, this tool bag offers generous space for essential tools while maintaining a slim, easy-to-carry profile.
6. Perfect integration with modular transport systems.
Designed to be used as an inner module for a professional tool case, or paired with a tool backpack or work trolley, the BCF 136 R is a versatile and complete solution for any type of technical intervention.
