PRODUCT DATA SHEET

Work Line by GT Tool Bag BTP 03 R (Discontinued item – Available until stock lasts)

EAN 8024482189758

Durability, Visibility, and Organization for Everyday Work

The BTP 03 R is a high-performance tool bag designed for professionals operating in technical and industrial environments.
Made from 600D nylon with reinforced stitching and a galvanized steel bottom, it delivers maximum durability and strength.
Designed for organization and visibility, it includes reflective inserts, side pockets, and FLEXI POUCHES™ + PSS™ systems for fast, organized access to tools.
Dual 90° fold-out panels and external level holders complete a reliable, practical solution — ideal paired with professional backpacks or tool cases.

Features

1. Maximum resistance and durability in any work environment.
The 600D nylon structure with reinforced stitching and galvanized steel base makes the BTP 03 R an ideal tool bag for construction sites, workshops, and intensive technical operations.
2. Improved visibility for professional safety.
Reflective inserts increase visibility in poorly lit environments, contributing to safety even in low-light situations.
3. Easy tool access thanks to double front flaps.
The front and rear flaps open to 90°, providing a complete view of the contents and immediate access, enhancing operational efficiency.
4. Professional and modular tool organization.
FLEXI POUCHES™ compartments and the PSS™ system allow for customized internal organization for tools of various shapes and sizes, keeping them always well-organized and securely in place.
5. Smart external fastenings for long tools.
Integrated external level holders allow the transport of bulky tools without sacrificing internal space—ideal for technicians using measuring instruments and specific tools.
6. Comfortable transport even over long distances.
The adjustable Ultra Comfort shoulder strap and the handle with rubber grip offer ergonomics and

comfort, turning the BTP 03 R into a professional tool bag that is easy to carry anywhere.

External measurements*	
Length	470 mm 18.50 in
Depth	215 mm 8.46 in
Height	350 mm 13.78 in

Weight	
	5,6 Kg 12.35 lbs

Specifications
