PRODUCT DATA SHEET

Work Line by GT Tool Bag PSS Compact Bag

EAN 8024482189529

Compact, versatile and functional.

The PSS Compact Bag is the ideal tool bag for electricians, technicians, and maintenance workers seeking a compact yet highly functional solution.
It features the PSS (Panel System Solution) with two removable tool panels for quick and organized tool access.
Equipped with an adjustable shoulder strap, ergonomic handle, and two parts drawers, this bag is lightweight, complete, and easy to carry — perfect as a tool backpack or compact tool case for quick interventions in tight spaces.

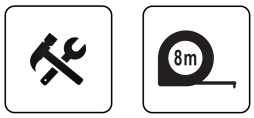

Features

1. Intelligent organization with PSS system.
The two removable tool panels allow optimal organization of tools and easy, quick access during every task.
2. Compact and lightweight, ideal for daily use.
With dimensions of 230 x 110 x 320 mm and a weight of only 1.5 kg, this tool bag is perfect for daily transport, even in tight spaces or on public transportation.
3. Maximum portability thanks to adjustable shoulder strap and integrated handle.
Designed to offer ergonomic and versatile carrying, it adapts to the needs of every professional, even in dynamic environments.
4. Neat organization of small parts.
The two included drawers (Art. WL 01 - WL 02) allow safe storage of screws, bolts, and small accessories, turning the bag into a complete tool case.
5. Perfect for those who work on the go.
Whether you're an on-site technician or an itinerant craftsman, the PSS Compact Bag is the professional backpack that ensures order, efficiency, and practicality in every situation.
6. Sturdy and durable over time.
Made with resistant materials, this work tool bag is designed to last even in demanding operating conditions.
7. Versatile use in any context.
Usable as a work backpack, tool pouch, or even as a compact tool case, it adapts to every professional

need.
