PRODUCT DATA SHEET

Work Line by GT Tool Bag Soft Pilot R

EAN 8024482188874

Functional – for tools and electronic devices.

The Soft Pilot R is a smartly designed professional tool bag, ideal for those looking for a versatile and well-organized tool case.
This pilot-style work bag offers convenient vertical access for carrying tools and electronic devices up to 15.6", combining functionality and protection in one compact product.
The removable front compartment transforms into a standalone tool pouch, while multiple pockets, elastic loops, and compartments ensure optimal organization for mobile professionals.
Perfect as a work backpack or tool case for technicians, maintenance workers, and field operators.

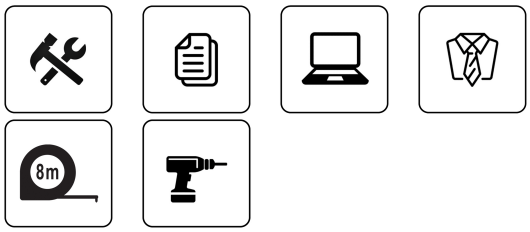

Features

1. Multifunctional pilot-style structure designed for efficiency.
The vertical design allows for quick and organized access to tools and devices, keeping everything visible and within easy reach.
2. Dedicated compartment for laptops up to 15.6”.
Ideal for professionals who need to carry both work tools and electronic devices with total security.
3. Removable and reconfigurable front compartment.
The front part transforms into an independent tool bag, offering maximum operational flexibility in any context.
4. Maximum organization with pockets, elastics, and compartments.
The front and rear areas feature elastics and tool pockets, ideal for keeping each tool in place and ready to use.
5. Side pockets on both sides for accessories and small items.
Perfect for quick access to frequently used items, components, or tools, enhancing operational efficiency.
5. Comfortable and adaptable transport.
The adjustable Ultra Confort shoulder strap allows the tool bag to be carried comfortably, even over long distances, making it ideal as a professional work backpack.
6. Compact yet spacious design.
With dimensions of 420 x 205 x 360 mm and a weight of only 2.1 kg, the Soft Pilot R is a portable tool

case ideal even for tight spaces.
7. Perfect for field technicians and mobile professionals.
Thanks to its versatility, it can be used as a tool case, trolley backpack, or tool bag for any mobile task.
