PRODUCT DATA SHEET

Work Line by GT Tool Belt Bag Top Bumbag R

EAN 8024482189239

Total Freedom of Movement with Everything Within Reach

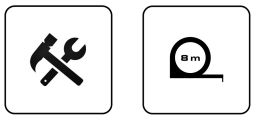

The Top Bumbag R is the ideal tool pouch for mobile professionals who need speed, organization, and lightness.
Comfortably worn at the waist with an adjustable belt.
The padded internal compartment with dedicated tool pockets protects contents from impact, providing immediate access to essential tools.
A perfect companion to a professional tool bag, tool backpack, tool case, or tool trolley, it offers practical and fast support during technical interventions.

Features

1. Compact, lightweight, and highly functional design.
With dimensions of 320 x 140 x 180 mm and a weight of only 0.3 kg, the Top Bumbag R ensures total mobility without compromising organization.
2. Wearable at the waist with an adjustable belt.
Fits all body types and stays secure during frequent movements.
Provides better body adherence for prolonged use or in complex operating conditions.
4. Padded pockets for tool protection.
The interior is designed to securely hold frequently used tools, avoiding damage from friction or impact.
5. Ideal solution for dynamic and precision work.
Perfect for electricians, installers, maintenance personnel, and technicians working at heights who need hands-free access to tools.
6. Perfect complement to GT Line modular systems.
Easily integrates with work backpacks, tool bags, tool cases, and professional trolley backpacks, for a complete and efficient work setup.
