PRODUCT DATA SHEET

Work Line by GT – MONOLITH LT20 Backpack

EAN 8024482193779

New energy in a backpack designed to stand upright

The **Monolith LT20** is the Work Line backpack with an innovative design, crafted to ensure organization, practicality, and comfort for everyday professional use.

Its self-standing structure with a protective skid plate, dual front and rear access, and a dedicated laptop and document compartment guarantee order and operational efficiency.

With 26 internal pockets, 6 elastic loops, and compartments for accessories, it allows for organized transport of up to 44 tools.

Features

· **20L Capacity** – With a 20-liter volume, the Monolith LT20 backpack delivers the ideal balance between compact size and generous storage capacity, making it suitable for daily professional use.

· **Reinforced Protective Base** – The skid plate base with protective feet shields the backpack from impacts, scratches, and dirt, extending product lifespan and ensuring reliability in demanding work environments.

· **Self-Standing Structure** – Designed to remain upright at all times, the self-standing construction provides stability and immediate access to contents without the need for external support.

· **Smart Internal Panel Organization** – Dedicated internal panels accommodate laptops, documents, and office accessories. The semi-rigid EVA front panel enhances protection and integrates a convenient pocket for small components.

· **Ergonomic Padded Backrest** – The external backrest features ergonomic padding to improve comfort and reduce fatigue during extended periods of wear.

· **High-Capacity Side Tool Pocket** – One side pocket includes 26 internal tool pockets and 6 elastic bands, allowing organized storage and transport of up to 44 tools.

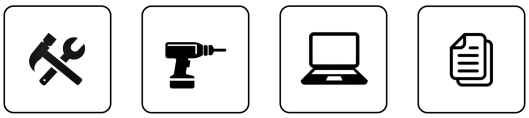

· **Ergonomic Carry Handle** – The ergonomic handle ensures comfortable and secure hand carrying when the backpack is not worn.

· **Dual Access Design** – Front and rear openings provide flexible, quick access to tools and equipment, improving efficiency during work operations.
